## AN INVITATION

June 17, 1980

*Dear Mr. McMillan*

We invite you to join us on Tuesday, June 24, 1980, when we will be sponsoring an "open house" for visitors, residents and special guests at 745 So. 19th Street, Newark, New Jersey.

The event marks the completion of our model housing rehab project, signifying the type of housing development work that will be replicated in other parts of the neighborhood.

Between 1967 and 1972, Tri-City Citizens sponsored the Amity Village 1 and 2A housing rehab projects in the West Side neighborhood. The completion of this model house marks the re-entry of Tri-City into housing rehabilitation, and the West Side Citizens Rehab Corp. has been set up to carry out this physical development work.

The organizers of the "open house", West Side Citizens Development Corp. was established to do overall revitalization work in the 60-Block West Side area. It is funded by HUD's Office of Neighborhood Self-Help Development.

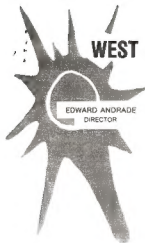

On that same day, we will be host to a group of business people from Newark's Broad Street Business community, who are scheduled to conduct a tour of the West Side Neighborhood.

The "open house" is intended to give the private and public sectors and residents an opportunity to establish further means of working together to achieve neighborhood revitalization.

We hope that you will be able to take part in this event.

Sincerely,

*Ed* *ms*  
Edward Andrade  
Director
